Any interested person may appear and be heard in person, by attorney, or by other representative. Written statements may be submitted and will be made part of the hearing record. A transcript of this public hearing and others related to the proposed rule will be placed in the rulemaking record and will be available for public inspection, including on the internet at [www.aphis.usda.gov](http://www.aphis.usda.gov) and [regulations.gov](http://regulations.gov).

The purpose of the hearing is to give interested persons an opportunity for presentation of data, views, and arguments. Questions about the content of the proposed rule may be part of the commenters' oral presentations. However, neither the presiding officer nor any other representative of APHIS will respond to comments at the hearing, except to clarify or explain provisions of the proposed rule.

The presiding officer may limit the time for each presentation so that all interested persons appearing at each hearing have an opportunity to participate. Each hearing may be terminated at any time if all persons desiring to speak and that are present in the hearing room have been heard.
